Ahmed Mahmoud Atia

Frontend Developer (React.js | Next.js | TypeScript)

Cairo, Egypt | atyaa629@gmail.com | +20 111 791 0989 | GitHub | LinkedIn | Portfolio

Professional Summary

Frontend Developer with a **B.Sc. in Computer Science** and graduate of the **ITI MERN Stack program**, with practical experience building responsive, high-performance web applications using **React.js, Next.js,** and **TypeScript**. Strong understanding of clean architecture, OOP, and design principles. Skilled in writing maintainable code and collaborating in **agile teams** to deliver great user experiences

Technical Skills

Frontend: React.js, Next.js, TypeScript, JavaScript (ES6+), Redux, Tailwind CSS, Shadcn UI, Material UI, Sass
UI/UX & Animation: Framer Motion, GSAP, Three.js, Responsive Design, Performance Optimization
Backend (familiarity): Node.js, Express.js, MongoDB, Firebase (basic knowledge)
Tools & DevOps: Git, GitHub, Vercel, Webpack, Vite, Postman, NextAuth.js, Sentry
Core Concepts: OOP, SOLID, Clean Architecture, Design Patterns, RESTful APIs, Agile Development

Experience

ICTHUB — Frontend Developer (Part-Time)   *Jul 2023 – Sep 2023 | Cairo, Egypt*

• Promoted from trainee to developer within weeks due to exceptional technical and problem-solving skills.

• Developed and maintained responsive, interactive interfaces using React.js and modern UI frameworks.

• Enhanced project UI performance and accessibility, ensuring alignment with WCAG and UX best practices.

Selected Projects

Exclusive Store — Full-Stack E-Commerce App **Live Demo | GitHub**

• Developed an end-to-end e-commerce platform using React.js, Node.js, Express, and MongoDB.

• Boosted page performance by 25% through React optimization, lazy loading, and memorization.

• Implemented modular architecture for maintainability and seamless backend integration.

YC-Dictionary — Frontend Project **Live Demo | GitHub**

• Built a modern, responsive dictionary web app using Next.js and Sanity CMS.

• Designed intuitive UI/UX layouts with adaptive design and accessible navigation.

• Implemented CMS-driven content updates to ensure scalability.

Developer99 — Graduation Project (Frontend Role) **Demo Video**

• Collaborated on a full-stack developer community platform; graded Excellent upon completion.

• Led frontend development using React.js and REST APIs with structured state management.

Leadership & Volunteering

Frontend Team Leader – Web Community (2025)

• Mentored fresher developers and coordinated sprint planning to ensure timely delivery.

• Improved workflow efficiency and team communication through structured Git collaboration.

Education

Information Technology Institute (ITI) MERN Stack   **Jul 2025 – Dec 2025 | Cairo, Egypt**

• Completed an intensive 6-month full-time program in MERN stack development, emphasizing scalable full-stack applications.

• Collaborated in an Agile team environment, using Git workflows, peer code reviews, and sprint planning to deliver high-quality solutions.

Bachelor's degree in computer science

• Elshrouk Academy, 2019 – 2023

• Graduation Project: Developer99 — Earned **Excellent Grade**.
